MURDOCK'S CATARRH CURE. For years has the medical fraternity sought a reliable and sure cure for Catarch. In this endeavor many hundreds of nostrums have been offered to a suffering public, and the health of thousands have been completely ruined by taking them, these various compounds causing the worst forms of Dyspepsia. Sprays and ointments are also worthless, as it is impossible to reach the affected parts in this manner.

Murdock's Catarch Curs is a new and scientific areparation and is to be smoked in a pipe, thereby the funes and smoke going over the entire system affected by the disease. It relieves instantly the worst forms of Asthm, Bronchitis, Hay Fevr. Colds in the Head and all forms of Catarch, no matter what shape, and cures where treatment is continued for reasonable time. No matter how little you are affected, don't delay treatment. Catarch comes often from simple colds. Like all new and valuable preparations you will find others saying theirs are just as good. Beware of imitations, as they are worthless. **FAVORITE**

YOUR PATRONAGE SOLICITED. JAMES T. HAMILTON, Proprietor.

ble Heater with Tea Kettle Attachment.

··· SMOKE CONSUMING PARLOR FURNACE

Air passes through registers in heavily guarded feed door into perforated mixer ring around top of heavy fire pot. then into fire. Mixing the air with gases, in this way produces perfect combustion and a great saving of fuel. Mixer ring also protects bottom of radiator from direct action of fire and insures its durability. POWERFUL FLOOR HEATER

Deflector ring between heavy ribbed fire pot and radia or extends to outer casing, forcing the intense heat from lower section of Stove down to the floor where mest required. WILL HEAT ROOM UP-STAIRS

By attaching pipe to Double Heater Collar and extending to register in floor above. If not used in that way, heat is distributed to all parts of room and opening can be utilized as a tea kettle attachment in addition to griddle hole top. FIRE CONTROLLED TO A DEGREE

Circular Draft Regulators on Feed and Ash Pit Doors are valve seated, fitted until absoluely air tight and Warranted to remain so. They are mounted on heavy, quick acting screws, working in a detachable yoke, and when opening screw in, not out, preventing breakage in use. Call at the CASH HARDWARE HOUSE of

Douglas & Simmons, Who will be glad to show you this stove as well as a full line of other heaters and cookstoves, grates, etc.
